Eielson Regional Growth Plan

The F-35s Are Coming: What do community residents and leaders need to know to be prepared? How can you get involved?

Starting in 2019, two new squadrons of F-35A fighter jets at Eielson Air Force Base (EAFB) are expected to bring approximately 3,500 new residents to our community. Military construction spending at EAFB has already started and will total over \$500 million over the next few years.

What is the FNSB Eielson Regional Growth Plan?

Through **information gathering, analyzing and sharing**, the FNSB's Eielson Regional Growth Plan will help community leaders, residents and businesses:

Learn more about the potential impacts of 3,500 new residents through a **gap analysis** of existing and needed resources, including businesses.

Identify **recommendations** for how to strategically address gaps and leverage opportunities, toward the long-term benefit of all FNSB residents.
